- ✗ Damage from driving through flood waters or submerged roads
- ✗ Gradual wear and tear, mechanical or electrical failure
- ✗ Rental extension without prior notification and contract update
- ✗ Damage caused by unauthorized or unnamed drivers
- ✗ Operating the vehicle in competitive events or races

4. COVERAGE DETAILS & DEFINITIONS (8 Modules)

Module 1: Third-Party Liability (Responsabilité Civile)

Mandatory civil liability insurance covering material and bodily damage caused to third parties in the event of an accident where you are at fault. This is built into all options automatically.

Module 2: Collision Damage Waiver (CDW)

Reduces your financial responsibility in case of damage to the car. Under Basic Protection, a deductible is payable. Gold reduces this, and Platinum completely waives it.

Module 3: Theft and Vandalism Protection

Covers you in the event of vehicle theft or attempted theft. You must present the vehicle keys and an official police report within 24 hours. The deductible applies unless Platinum is selected.

Module 4: Glass, Windshield & Tire Coverage

Covers chips, cracks, and full breaks to the windshield, side windows, and rear window, as well as tire punctures. Excluded from Basic, included in Gold and Platinum.

Module 5: Personal Accident Insurance (PAI)

Provides financial compensation to the driver (and passengers under

Platinum) in case of accidental death, permanent disability, or emergency medical expenses resulting from a covered road accident. Included in Platinum only.

Module 6: Roadside Assistance & Towing

Available 24/7 across Morocco. Basic includes standard towing to the nearest authorized garage. Gold offers priority dispatch with reduced waiting times. Platinum includes premium assistance with replacement vehicle delivery on-site.

Module 7: Legal Protection & Defense

Covers legal fees, lawyer consultation, and representation in case of a dispute arising from a covered accident. Available to defend your interests against third-party claims or to recover uninsured losses. Included in Platinum.

Module 8: Key & Fuel Protection

Covers the cost of key replacement or retrieval if keys are lost, locked inside, or damaged. Also covers engine flushing and fuel system cleaning if the wrong fuel type is used. Included in Gold and Platinum.

5. FREQUENTLY ASKED QUESTIONS

Q1: What is a deductible (franchise)?

A deductible is the maximum amount you are responsible for paying in the event of damage to or theft of the vehicle. If the repair cost is lower than the deductible, you pay the repair cost. If it is higher, you only pay the deductible.

Q2: Do I need to leave a security deposit (caution)?

Yes. For Basic and Gold protection, a pre-authorization holds the deductible amount on your credit card. For Platinum Zero-Deductible, no deposit is frozen on your card, but a card imprint is kept for traffic fines or fuel gaps.

Q3: What should I do in case of an accident?

1. Call our 24/7 hotline immediately.
2. Contact the police/gendarmerie to fill out a joint accident report (Constat à l'amiable).
3. Take photos of the scene and vehicles.
4. Send us the report within 24 hours.

Q4: Are personal belongings inside the car covered?

No, standard car insurance does not cover personal effects or luggage left in the vehicle. We recommend keeping valuable items out of sight or taking them with you.

Q5: Can I upgrade or downgrade my protection mid-rental?

Yes, you can change your protection level at any point during your rental.

Upgrade fees are prorated for the remaining days. Downgrades are processed immediately but no refund applies for days already used. Visit any of our branches or call our support line to make the change.

Q6: What happens if an unauthorized driver causes an accident?

Only named drivers on the rental contract are covered. If an unauthorized driver is behind the wheel during an accident, all insurance coverage is void, and you will be held fully liable for all damages, towing, and administrative fees. Always add additional drivers to your contract before driving.

Q7: Is there coverage for driving outside of Morocco?

Our standard insurance covers driving within Morocco only. Cross-border travel requires prior written authorization and may be subject to additional fees and specific insurance extensions. Contact us at least 48 hours before your planned departure to arrange cross-border coverage.

Q8: How does the digital claims process work?

After an incident, log into your account on our website or mobile portal. Fill out the digital claims form, upload photos of the damage and the police report (Constat). Our team reviews your submission within 2 hours during business hours. Approved claims receive a repair authorization number, and we coordinate directly with the repair shop.

Q9: What if the accident is the other driver's fault?

If the other party is responsible and they have valid insurance, their insurer covers the damages. You must still report the incident to us within 24 hours. We can assist with the claims process against the third party. Your deductible (if any) will be refunded once the third-party insurance accepts liability.

Q10: Can I cancel my protection upgrade and get a refund?

Protection upgrades can be cancelled before the rental starts for a full refund. Once the rental has begun, unused days of an upgrade may be refunded on a prorated basis, minus a small administrative fee of 50 DH.

No refund is available for Basic Protection as it is already included in the base price.

6. SUPPORT CONTACT

- Our customer support team is available 24/7 to answer your insurance questions and handle active claims.
- Phone: Available 24/7
- Portal: Digital claims submission online
